LATE NEWS FROM ABROAD.

Japan and China are in the Throes of War.

NO ACTION ON THE SUGAR TARIFF.

Carnot's Assassination will be Put to Death. A Report of the Defeat of the Chinese in a Big Naval Engagement—Railroad Troubles are About Over.

LONDON, August 3.—A dispatch to the Standard says: It is reported that there has been a fresh collision between Chinese and Japanese troops in Korea. It seems that after their recent defeat the Japanese assembled their available strength and took the offensive, achieving a decided victory over the Chinese.

A dispatch from Tien-Tsin says all the deserters from the troops marching to Taku will be beheaded today.

WASHINGTON, August 3.—Official notification of a battle between the Japanese and Chinese land forces in Korea was received at the Japanese Legation here tonight from the Foreign Office at Tokio. The telegram stated that on the 28th of July a portion of the Japanese troops at Seoul marched against a much superior force of Chinese entrenched at Shan Yeng. A battle ensued and after heavy fighting the Chinese were put completely to rout and a large number of prisoners and munitions of war were captured by the Japanese. On the morning of the 30th the Japanese proceeded to March against Gasan.

Shan Yeng is situated between Seoul and Gasan, near Yashan, where the fight between the Japanese and Chinese, resulting in the loss of 2000 Japanese, is reported to have occurred.

ental advices by the Empress of India indicate that China is threatened with an epidemic of cholera.

They Go to Gresham.

WASHINGTON, August 1.—The Hawaiian royalist commissioners, who reached the city last night, kept in their rooms at the Arlington most of the day, arranging for their plan of work here. When asked the purpose of their visit to Washington, Mr. Wideman said:

"I cannot tell you at this time. We have agreed not to divulge the nature of our mission until we see Secretary Gresham, and also possibly the President. We expect to see Secretary Gresham tomorrow, and shall go direct to the State Department, and not seek the assistance of any intermediary, just the same as you would do had you any business there. The President has received the plea for the restoration of the Queen, and we, who represent her, now have the privilege of calling on the Secretary of State."

Mr. Wideman said further that the commission had not come to Washington to ask for the restoration of the Queen nor for the purpose of asking compensation for her dethronement. In fact he (Wideman) had not heard of this report until he reached Washington.

Recognition by Minister Willis.

WASHINGTON, July 30.—The President to-day sent Congress another installment of the Hawaiian correspondence, the most important feature of which is Minister Willis' recognition of the new republic. He wrote: "I hereby as far as I have a right to do extend the republic of Hawaii the recognition accorded its predecessor, the Provisional Government. I do this in the belief that I represent the President of the United States, to whom, as the executive chief of the government, my action will be submitted for necessary approval."

The Hawaiian royalist commission now on its way to Washington will be compelled to depend upon its own resources to secure an audience with officers of this Government. No assistance in that direction will be given by the officers of the legation of the republic here, who point out that it would be manifestly improper for them to intercede in behalf of anyone

who is opposed to the existing Government.

Necker Island.

MELBOURNE, July 29.—Robert Reid, Minister of Defense, denies the charge that has been made against him that he revealed the British intentions in regard to taking possession of Necker Island. He states that Sanford Fleming sent a man to charter a steamer at Honolulu for the purpose of seizing Necker Island, trusting that Great Britain would recognize the seizure. The Government of Hawaii, learning of this proposed movement, took steps to prevent its being carried out.

The Cholera Scourge.

LONDON, July 29.—Private letters tell horrible stories of the hold which cholera has now obtained on St. Petersburg, where it seems that Hamburg's experience is likely to be thrown into the shade. It is significant that for several days there have been no official bulletins from Russia of the plague's progress. Sporadic cases continue to appear in the lower Rhine valley and along the Eastern frontiers of Germany and Austria, but of movements of the contagion westward there are as yet no signs.
